Spout bag

It is an eco-friendly, space-saving packaging bag that is convenient and easy to use, allows for flow control, has good preservation qualities, and is lightweight and space-efficient ; it meets the requirements of different food packaging.

More convenient
to display

Good sealing

Food grade

Can be in direct contact
with food

Travel-sized portions can be in direct contact with food,
and beverages can be quickly filled, making them more convenient to use.

For dining use, it is convenient to carry, leak-proof, and space-saving.

Flat (box) bottom spout bag

Aesthetically pleasing, the seamless, flat square shape at the bottom of the bag is more advantageous for product display and shelf presentation. Additionally, the front, back, and gusseted sides of the bag allow for more diverse graphic designs and material variations, providing a multidimensional display of design aesthetics that enhances its visual appeal and attractiveness for sale.

A spout can also be
installed on the stand-up
pouch and the stylish bag
